WHAT IS SAFEGUARDING AND ADULTS AT RISK?

Safeguarding is protecting you and keeping you free from harm.

An adult might be considered at risk if they are aged 18 years or over and:

- has needs for care and support and;
- is experiencing, or at risk of, abuse or neglect; and
- as a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of abuse or neglect.

It could be anyone at any time. We all have the potential to be an 'adult at risk'.

WHAT IS ABUSE?

Abuse is when someone does or says something to make someone else feel upset, scared or frightened. Someone has been treated badly by someone else.

WHERE ABUSE CAN HAPPEN

Abuse can happen anywhere and at any time and ... **ANYONE CAN ABUSE**

A stranger or someone you know – this could be a friend or neighbour, a partner or relative, a carer, or other service users or someone you think you can trust.

ABUSE HAPPENS IN MANY WAYS

Physical abuse

Being hit, slapped or kicked or being hurt in another way

Sexual abuse

When someone touches your body in ways you do not like or want. When someone makes you do sexual things that make you sad, angry or frightened.

Emotional abuse

When someone says bad things to hurt your feelings, shouts or threatens you.

Financial / material abuse

When people take you money or belongings without asking or makes you give them things

Neglect

When you do not get the help you need, such as your medication, care needs or not giving enough food.

Domestic violence and abuse

When abuse occurs between partners or family members

Discriminatory abuse (hate crime)

When people treat you badly or unfairly because you are different. If could be because of your: age, gender, sexuality, disability, race or religious beliefs

Institutional / organisational abuse

Abuse is caused by an organisation and how they work. They work in a way that suits them and not the adult at risk

Self-neglect

Someone might come to harm because they do not look after themselves, such as not eating or taking their medication or looking after their personal hygiene.

Modern slavery

Someone is forced to work with little or no pay, or threatened with violence at work.

ABUSE IS ALWAYS WRONG

What to do if you think abuse has happened

To keep you and others safe, report abuse straight away.

By reporting abuse, you can help to make it stop.

- You can make the person be aware of the support available and what to do
- You can report abuse and/or seek advice

- If someone is injured, you may need to help them to a doctor or call for an ambulance (999)
